AAT - AUSTRALIAN ADMINISTRATIVE APPEALS TRIBUNAL

The Administrative Appeals Tribunal is an Australian tribunal that conducts independent merits review of administrative decisions made under Commonwealth laws of the Australian Government.

ACADEMIC COMPONENT OF A UNIT

It is a part of the unit that generally deals with aspects related to theories (i.e., concepts, methodology, approaches), history, principles, law, and regulations which explain phenomenon of interests and verifiable. It is usually assessed by a written element.

ACADEMIC BOARD

An independent body, responsible to the JMC Academy Governing Council for the quality control of JMC Academy's educational programs.

ACADEMIC FREEDOM

JMC Academy endorses the Global Colloquium of University Presidents 2005 definition of academic freedom as "the freedom to conduct research, teach, speak, and publish, subject to the norms and standards of scholarly inquiry, without interference or penalty, wherever the search for truth and understanding may lead."

ACADEMIC HONESTY

Academic honesty is:

- Taking credit only for your own academic work,
- Crediting any other person's work that is referred to in discussion or produced work,
- Providing correct citations and reference lists, as required by each assessment task,
- Truthfully reporting on research,
- Taking responsibility for your own academic work,
- Promoting the values of truthfulness, fairness, and respect in regard to all academic work.

Student and staff responsibilities for practicing the principles of academic honesty are underpinned by student and staff rights to academic freedom and free intellectual inquiry.

ACADEMIC INTEGRITY

Bretag (2016, p. 4) acknowledges 'academic integrity is a multifaceted and multi-stakeholder issue, premised on actions underpinned by values. As Fishman (2016, p. 8) suggests, it is best addressed in terms of cultural expectations and systemic management.

Academic integrity is a commitment, even in the face of adversity, to six fundamental values: honesty, trust, fairness, respect, responsibility, and courage. From these values flow principles of behaviour that enable academic communities to translate ideals to action.¹

¹ <https://www.academicintegrity.org/fundamental-values/#:~:text=The%20International%20Center%20for%20Academic, respect%2C%20responsibility%2C%20and%20courage.&text=%E2%80%8BThe%20original%20Fundamental%20Values, booklet%20was%20published%20in%201999.>

For the purposes of the Higher Education Standards Framework (Threshold Standards) 2015 (HES Framework), academic integrity is: ‘the moral code of academia. It involves using, generating, and communicating information in an ethical, honest and responsible manner’ (Monash University, 2013). The term ‘ethical scholarship’ has a similar meaning. These definitions apply to the behaviour of teachers, researchers, students or others who are engaged in any form of scholarly activity.²

Generative Artificial Intelligence (GAI)

Generative Artificial Intelligence is the process of Artificial Intelligence algorithms generating an output (i.e., text, photo, video, code, data, and 3D renderings) from data upon which they are trained/data sets for which they have been given access.

Creative applications for GAI applications include: content creation, information analysis, content enhancement and post production workflows, information extraction and enhancement and data compression (Anantrasirichai & Bull 2022).

ACADEMIC LEADERSHIP

Academic leadership is defined as the system of interdependent elements that together allow JMC Academy to achieve, support and monitor its intended academic outcomes. Academic leadership is thus a subset of the overall institutional or corporate leadership of JMC Academy, differentiated by its focus on ‘academic matters’, which include teaching, learning, research, scholarship and related matters.

Academic leadership resides in JMC Academy’s governance framework, and particularly in the work of the Academic Board and its sub-committees and JMC Academy’s academic staff. Good academic leadership results in good learning and teaching, sound scholarship and research. JMC’s cohesive governance framework has the following characteristics that have been identified as essential to promoting and encouraging academic leadership.³ ... [*the characteristics are as listed and described in Schedule A: Academic Quality Assurance Framework*].

ACADEMIC LEADERSHIP POSITION

Senior Academic Position, at JMC Academy, is defined as a position where a person assumes academic leadership responsibilities in addition to their teaching obligations.

ACADEMIC LEADERSHIP RESPONSIBILITIES

- Effective management and delivery of allocated JMC courses in alignment with AQF and TEQSA guidelines to ensure maximum quality, scholarship, and student satisfaction across the department.
- Participation in development and improvement, and implementation of JMC Academy’s Strategic Plan, Institutional Quality Assurance Framework, particularly Schedule A: Academic Quality Assurance Framework, and the Learning and Teaching Committee’s Learning and Teaching Plan.

ACADEMIC PERFORMANCE

Academic performance is the measurement of a student's successful completion of their academic units. JMC Academy also measures student completion, attrition, and retention rates to ascertain the academic performance of course disciplines, student cohorts, and campus locations.

ACADEMIC PROGRESS

Academic progress is the way JMC Academy monitors and helps its students to successfully complete their qualifications within the prescribed time limits, and provides academic support and pastoral care to those who are experiencing difficulties in their studies.

ACADEMIC PROGRESS CATEGORIES

Satisfactory Academic Progress

- Student who passes every unit in any given study period.

ACADEMIC WORK

Academic work involves both the pursuit of knowledge and its dissemination and application through activities including but not limited to research and scholarly activities, learning and associated activities including assessments, teaching, public lectures, conference communications, publications, professional practice, the building of library and archival collections, the provision of mediated access to information, and creative production and performance.⁴ The basic premise of academic work—so that it remains meaningful and of value to individuals and society — is that is conducted rigorously and honestly.

ASSESSMENT

Assessment – is the process of forming a judgment on the quality and extent of student achievement or performance, and therefore by inference a judgment about the learning itself.

ASSESSMENT PRINCIPLES

The following Assessment Principles must be adhered to in the assessment process:

- **Validity**
Validity ensures that assessment tasks and associated criteria effectively measure student attainment of the intended learning outcomes at the appropriate level.
An assessment is considered as valid when it assesses what it claims to assess. It is achieved when the assessment used is:
 - Related to the learning outcomes,
 - Demonstrates that the performance criteria has been met,
 - Is sufficient to cover the requirements of the competency.
- **Reliability**
Evidence presented for assessment is consistently interpreted, assessed, marked and graded, and assessment results are comparable irrespective of the lecturer conducting the assessment.
- **Flexibility**
An assessment is seen as flexible when:
 - Reflects the student's needs,
 - Assesses student's work regardless of how or where it has been performed, and
 - Draws from a range of assessment types.
- **Fairness**
An assessment is fair when:
 - The individual student's needs are considered in the assessment process, and
 - It is designed to be un biased and discriminatory free.

ASSESSMENT (RULES OF EVIDENCE)

- **Validity**
The lecturer/tutor is assured that the evidence is relevant and student has the skills, knowledge and attributes as described in the unit outline and associated assessment requirements.
- **Sufficiency**
The lecturer/tutor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made whether learning outcomes have been achieved.
- **Authenticity**
The lecturer/tutor is assured that the evidence presented for assessment is the student's own work.
- **Currency**

The lecturer/tutor is assured that the assessment evidence is current. This requires the assessment evidence to be from the present or the very recent past.

ASSESSMENT TASKS

Assessment tasks are the activities students will undertake to confirm whether or not 'the outcome has in fact been achieved' (Biggs & Tang, 2007, p. 169) during and at the end of the learning process.⁸ Assessment tasks tell us how well students can use the acquired knowledge in academically and professionally appropriate ways, such as solving problems, designing experiments, or communicating with clients.⁹

ASSESSMENT TYPE

Assessment method types include but are not limited to: can be defined to include but not be limited to such methods as

- Essay
- Report
- Journal
- Assignment
- Problem scenario
- Group work
- Demonstration
- Role play
- Performance
- Production (film, video game, 2D/3D animation, musical score, play etc)
- Equipment set up
- Diagnosis and rectification of technical problems or equipment faults
- Work-based problem
- Oral presentation
- Written examination (time based)
- Test

The assessment types are detailed and specified in the every Unit Outline. Assessment types are developed and approved as part of the accreditation/re-accreditation process. The assessment types are mapped to one or more of the unit learning outcomes and to the appropriate AQF level and similarly approved as part of the accreditation/reaccreditation process.

ASSESSMENT SYSTEM

Assessment system – is a coordinated set of documented policies and procedures (including assessment materials and tools) that ensure assessments are consistent and are based on the Principles of Fairness and comprehensiveness.

ASSESSORS

Assessors – are persons who assess a learner's performance in accordance with the AQF and consistent with the requirements specified in the Unit profiles. Assessors have one AQF qualification level above the level of the Unit that they are assessing.

AT RISK OF EXCEEDING TIME LIMITS

This is a student who will not complete their course studying either full or part time. Generally speaking, a student's request to continue in a course can be considered only:

- if they have one study period (that is a maximum of four units) left to complete to achieve their qualification, and these need to be undertaken beyond the maximum time allowed for their enrolment
- if any leaves of absence taken were approved by JMC Academy.

'AT RISK' STUDENTS

Are defined as:

1. Students who at enrolment are considered to be potentially at risk of non-completion without an academic support program,
2. Students in their first study period who have been identified to be at risk of non-completion of a unit through the failure or non-submission of an assessment item,
3. Students who during the course of their studies fall in Conditional/Encumbered/Unsatisfactory [Academic Progress category](#)
4. Students who have experienced 'educational disadvantage' (because of illness, disability, disrupted education, family problems or misadventure),
5. Any students who have been referred directly by an Academic Staff member.

ATAR

Australian Tertiary Admissions Rank (ATAR) is a numerical measure of a student's overall academic achievement in the Higher School Certificate (HSC) in relation to that of other students. This measure allows the comparison of students who have completed different combinations of HSC courses. ATAR is calculated solely for use by institutions, either on its own or in conjunction with other selection criteria, to rank and select school leavers for admission.

AUTHOR

Author – the Author is an individual who:

- Has made a significant intellectual or scholarly contribution to research and its output, and
- Agrees to be listed as an author.

AWARD

Award is a qualification issued to students by JMC Academy who successfully completed the requirements of their enrolled program that leads to a higher education qualification. JMC Academy only issues awards accredited by TEQSA within the Australian Qualifications Framework.

AWARD (EXIT)

An award that is available to students who find themselves unable or unwilling to fulfill the requirements of the program in which they are originally enrolled but who have completed the requirements of a lower level qualification (when applicable).

Exit award is not available to students who have been withdrawn from their enrolment on disciplinary grounds. JMC Academy grants (when and if approved) exit awards as a matter of course. JMC Academy only issues exit awards accredited by TEQSA within the Australian Qualifications Framework.

B

BENCHMARKING

Benchmarking is a structured, collaborative, learning process for comparing practices, processes or performance outcomes. Its purpose is to identify comparative strengths and weaknesses, as a basis for developing improvements in academic quality. Benchmarking is also a quality process used to evaluate performance by comparing institutional practices to sector good practice.¹⁰

BRIBERY

Please refer to [academic misconduct](#)

BULLYING

Bullying is when people repeatedly and intentionally use words or actions against someone or a group of people to cause distress and risk to their wellbeing. These actions are usually done by people who have more influence or power over someone else, or who want to make someone else feel less powerful or helpless. Bullying can take a number of forms, including online and other electronic means. It is not bullying when there is only one incident of unreasonable behaviour or includes reasonable action in the course of management of the organisation. However, single, or one-off incidences of misconduct cannot be ignored as they may also be a risk to personal health and safety.

BUSINESS CONTINUITY MANAGEMENT (BCM)

A holistic management approach (including policies, standards and procedures) for ensuring critical business functions can be maintained or recovered promptly in the event of a disruption. It includes both strategic and operational decision-making using information about the disruption to structure and manage the response.

BUSINESS CONTINUITY PLAN (BCP)

An output of BCM. This process leads to a clearly defined and documented plan which sets out the processes, resources, systems and information necessary to continue or restore the activities of an organisation should unpredicted business disruption occur.

BUSINESS DAY

Means a day on which banks are open for business, other than Saturday, Sunday or a National/State declared public holiday.

BYSTANDER

A Bystander is a person who observes someone sexually harassing or sexually assaulting another person. Any member of the JMC Academy community may be a Bystander.

¹⁰ Adapted from TEQSA Guidance Note Benchmarking, sourced from https://www.teqsa.gov.au/sites/default/files/benchmarkinggfinal_0.pdf?v=1507592618

C

CANCELLATION OF ENROLMENT

Cancellation of an enrolment is permanent cessation of student's enrolment that may occur upon student's request (**withdrawal**) or may be initiated by JMC Academy (**termination**).

A student whose enrolment has been cancelled is no longer a JMC Academy student and therefore cannot attend classes, submit assessment tasks or attend JMC Academy events as a JMC Academy student. A student who has had their enrolment cancelled will receive a transcript of all units studied up to the date of cancellation, including results attained.

CIRT

Critical Incident Response Team.

CHEATING

Please refer to [academic misconduct](#).

CLOSE FAMILY MEMBER

A close family member is a spouse or former spouse, de facto partner or former de facto partner, child, parent, grandparent, grandchild or sibling of a student, or a child, parent, grandparent, grandchild or sibling of a student's spouse or de facto partner. It includes step-relations (e.g. step-parents and step-children) as well as adoptive relations.

COGNATE

Cognate refers to an area related to the fields of study in postgraduate programs.

COLLUSION

Please refer to [academic misconduct](#).
